Creating Partnerships for Student Success

Families First Family Resource Center

August 7, 2019

Community Leaders

This Resource Directory has been prepared by Families First Family Resource Center as a tool to assist you in providing resource information to the families and service providers in the Danville/Boyle County area. It is impossible for this directory to include all of the services available in our community so if you recognize that your agency has been omitted please send an email to anna.houston@danville.kyschools.us for inclusion in the next revised edition of the directory. Also, send an email if you notice changes in leadership, phone numbers, addresses, etc. for any of the listed agencies.

We will not be providing paper copies of the directory this year but please, feel free to share with others as you see necessary.

Thanks again for your generous support of our efforts in serving the community of Danville/Boyle County.

Best Regards,

Anna Houston, Director
Families First
